

Syllabus 2018 Common ground subject

Legal System in Information Society

Japanese

Basic information

held this year:	yes
instructor(s)	Kazunori Kawamura
room	Lecture Hall(206)
schedule	The first half year (Wednesday) 8:50-10:20
begins on:	04/11

Objectives and outline

Problems concerning Information Communication Technology (ICT) and law are increasing. Since we always live with great benefits of ICT, everyone has a possibility to become an offender, otherwise, victim. This course will give students a chance to learn legal framework and legal mind on ICT and how to act correctly when the incident occurs.
