

The Higher School of Economics (HSE) organizes winter schools each year for international students about to graduate and recent graduates as a short-term introduction to the university. Program participants meet leading Russian and foreign specialists, famous politicians, and researchers, and also learn about Russian culture and traditions.

The International Winter School program is conducted entirely in English. Hosting by the Faculty of World Economy and International Affairs, the International Winter School 2016 will **focus on contemporary world politics, Russian language and culture**. The students can **earn 3 ECTS** credits resting on their school performance results. These can be used as transfer credits to home institutions.

In 2016 International Winter School will be held from January 23 to February 6.

The deadline for applications is November 28, 2015 and for payments is December 9, 2015:
