OF AERONAUTICS AND  
ASTRONAUTICS

## SUMMER PROGRAMS

**MAKE THIS YOUR  
BEST SUMMER  
EVER**

# NUAA

## Summer Programs 2016

- ★ *Broaden your perspective in our multiple summer programs.*
- ★ *Enjoy a fantastic summer studying Language, Culture, international courses and on our Engineering Training Program.*

*This summer, Nanjing University of Aeronautics and Astronautics (NUAA) will open for you to study the Chinese language, to learn about Chinese culture and international courses and engineering training. By choosing any of these programs, you can earn credits toward your degree, experience the exquisite Chinese culture and cultivate your ability and creativity in academic course and training.*

# Programs Overview

## 1. Chinese Language & Culture Program (CLCP)

- Spend your summer studying and living in one of China's most vibrant and exciting cities. Combine language learning with cultural studies and travel to open your mind to a new dimension.

中文

### *Course Features:*

*Weekend trips to nearby cities and historical sites.*

*Basic and Intensive Language Training.*

### *Course Contents:*

*Language, History, Chinese Martial Arts, Calligraphy, Chinese Cuisine, etc.*

# Programs Overview

## 2. Engineering Training Program (ETP)

*Enhance your engineering abilities and creativeness with NUAA's Engineering Training Program.*

*Choose from one of these courses:*

*a) Digitized Design and Manufacturing Training*

*b) Electronic Engineering Training*

### ● *Course Contents a) :*

*CAD/CAM, Distributed Numerical Control (DNC), CNC machining, Rapid prototyping (RP), Electrical Discharge Machining (EDM), Laser Beam Machining (LBM) etc.*

*The goal of this training program is to improve the practice ability and cultivate the spirit of innovation among the students.*

### ● *Course Contents b) :*

*Design methods of PCB, PCL elevator control, monitoring system based on DSP, smart homes sensors, robots design and autonomous navigation method, Engineering drawing on UG, gesture recognition methods based on kinect etc.*

# Programs Overview

## 3. Summer Lecture (International Course Program) (ICP)

Invite Professors and Asst. Professors and lecturers from different regions and countries.  
Over 150 academics and 6000 students took part in past few years.

*The lectures may include (but no limited to)*

*Aerospace Engineering*

*Energy & Power Engineering*

*Automation Engineering*

*Electronic & Information Engineering*

*Mechanical Engineering*

*Material Science and Engineering*

*Civil Aviation*

*Space Science*

*Mathematics & Physics*

*Economics & Management*

*Humanities & Social Sciences*

*Computer Sciences*

*Arts & Literature etc*

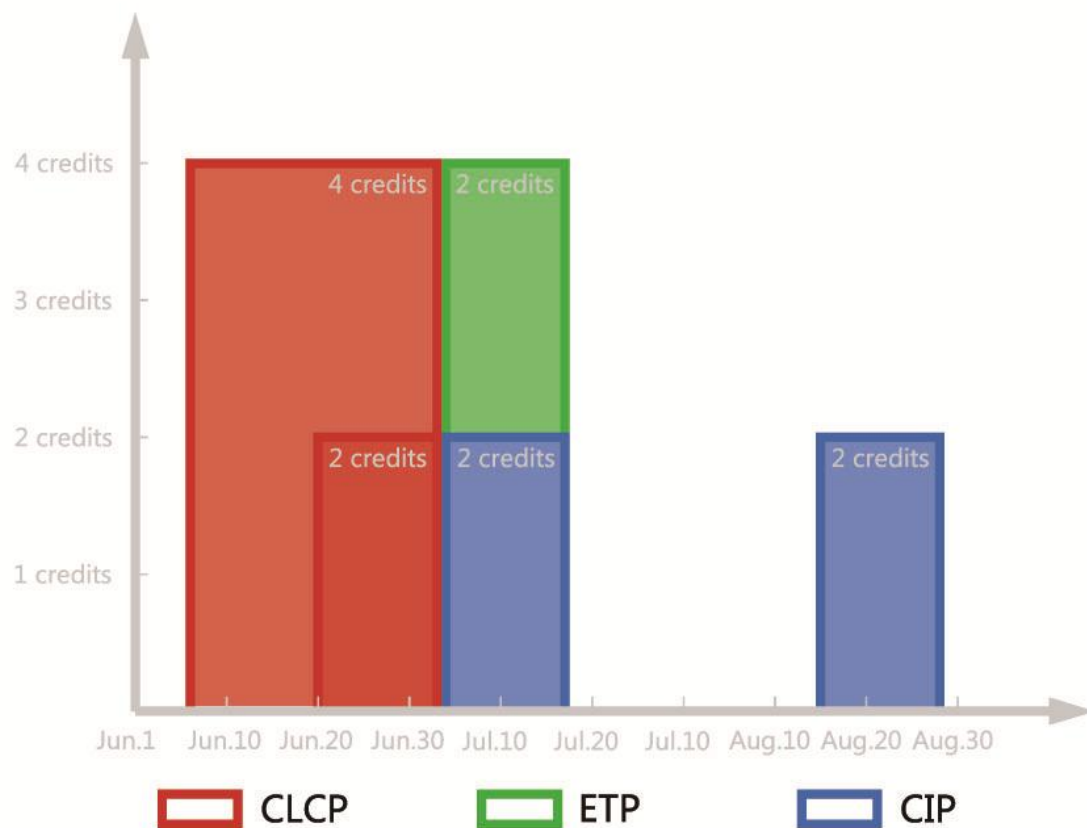

*The course will be published on NUAA's website in March, 2016.*

# Three Programs

- **1. NUAA Chinese Language and Culture Program (CLCP)**  
June 20 - July 3 (2 weeks) or June 6 - July 3 (4 weeks)
- **2. NUAA Engineering Training Program (ETP)**  
July 4 - July 17 (2 weeks)
- **3. NUAA International Course Program (ICP)**  
July 4 - July 17 (2 weeks) or August 15 - August 28 (2 weeks)

Program	Time	Duration	Fees
CLCP 2-4 credits	2 weeks (basic)	June 20 – July 3	3000 RMB
	4 weeks (intensive)	June 6– July 3	6000 RMB
ETP 2 credits	2 weeks	July 4 – July 17	3000 RMB
CIP 2 credits each course	2 weeks	July 4 – July 17	0 RMB

★ Payment must be made in full in the form of cash upon arrival.

***Credits will be given for each of the Courses attended***

### ***NUAA Accommodation***

*Inner Campus, approx.*

**150RMB/day/person**

*Off Campus, approx. 260*

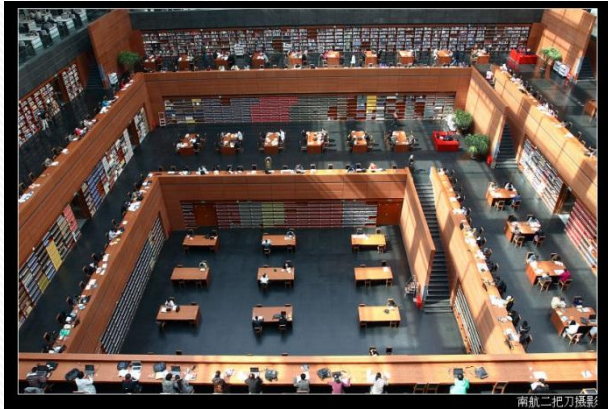

**RMB/day/standard room**  
(Jinjiang Hotel)

Module costs include tuition, travel to historical and cultural sites and innovation expense. Students are responsible for their own meals and personal expense. The exchange rate is approximately 6.1 RMB per USD and 7.9 RMB per Euro.

# About NUAA

## *A Prestige in China's Education Sector*

*Nanjing University of Aeronautics and Astronautics (NUAA) is one of China's premier learning and research institutions. NUAA has developed into a very comprehensive, research-based university that excels in many aspects of engineering (particularly in Aeronautics, Astronautics, and Mechanical Engineering), science, economics and management, arts and literature, and many others.*

# Nanjing City

## *Modern and Epic, Densely Mixed*

- *The 600-year-old city wall of Nanjing is the world's longest city wall.*
- *With respect to the number of universities, Nanjing ranks third in China, just after Beijing and Shanghai.*
- *Shopping malls, museums and mausoleums, parks, traditional snack shops, western restaurant & bars, university complexes, etc.*
- *1 hour away from Shanghai on the high speed train.*
- *Nanjing is one of the biggest and safest city to live in China.*

College of International Education

Nanjing University of Aeronautics and Astronautics

29 Yudao Street, Nanjing 210016, China

Pick-up Service

Nanjing Lukou International Airport (NLIA)

(Prior reservation required)

9:30am - 5:30pm

# Welcome to Join NUAA

Summer Programs 2016

CONNECT

LEAD

TRAVEL

Connect with our  
top students from  
NUAA and build  
life-long  
friendships

Lead activities  
and discussions,  
and assist with  
the participants'  
language and  
academic skills  
development

Travel to China in  
and after the  
program to unite  
with the  
participants and  
experience  
cultures first-  
hand
