Welcome to CAU International Summer Program (ISP)

Chung–Ang University (CAU), established in 1918 with the educational ideals of truth and justice, has overcome the nation's many adversities and has taken the role of leadership in cultivating the intellectuals of Korea.

With the goal of ranking within the top 100 universities in the world by its centennial anniversary in 2018, Chung–Ang University has intensified its effort to internationalize its educational programs and globalize its campus.

The Chung–Ang University's International Summer Program contributes to that effort. In accordance with this vision, Chung–Ang University launched the CAU Summer Program in 2005. Through this program, students are introduced to various topics ranging from Korean business, social issues in Asia, traditional Korean culture as well as contemporary Korean society. The program also has numerous experiential cultural activities, allowing for students to dive right into the Korean culture and make lasting relationships with fellow international students as well as domestic Chung–Ang University students. The International Summer Program (ISP) at Chung–Ang University is an opportunity for students to spend an unforgettable summer in Korea.

Travel and Study at CAU International Summer Program

Chung–Ang University

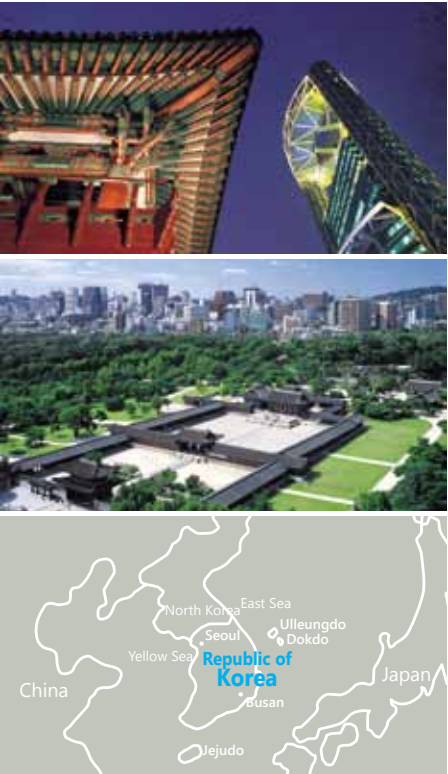

Established in 1918, Chung–Ang University has been a leader in globalization in Korea and also a pioneer of education and has been called the “Cradle of Education” in Korea. Initially established as the Chung–Ang Kindergarten at the Chung–Ang Methodist Church in 1918, it is now a leading private university in Korea. The University’s education program has a very high reputation and strong exchange partnerships with universities around the world. In 2014, CAU was ranked 3rd for outgoing exchange student rate, 9th for incoming exchange student rate, and 8th in overall University Qualification. CAU has more than 370 partner universities or institutions for international academic cooperation with university level agreements alone.

- Korean conglomerate Doosan incorporated CAU in 2008
- Campuses : Seoul and Anseong
- Academic : 13 Colleges and 18 Graduate Schools
- 27,449 Students, 1,018 Professors and 623 Administrators

Republic of KOREA

The Republic of Korea is a small country on the far eastern edge of Asia. Although it ranks 106th in the world in terms of land area, the country is a center of economic activity as well as culture, and arts. Today, Korea is an industrial nation standing tall on the world stage. Korea’s semiconductor, automobile, shipbuilding, steel and IT industries are leaders in the world’s global markets. Korea has also been host to the 1988 World Olympics in Seoul, the 2002 Korea–Japan FIFA World Cup, and has been selected to host the 2018 Winter Olympics in Pyeongchang. Recently, Korean entertainment has been attracting many audiences globally, creating the "Korean Wave." Korea's new standing in the international community was highlighted in 2010 by becoming the first Asian country to chair the G20 and host the G20 Seoul Summit.

SEOUL

Seoul is the world’s 10th largest city and is also the center of all political, economic and cultural activities in Korea. Korea’s past and present coexists harmoniously—with a heritage that spans across centuries and a future that lies with the cutting–edge technology of its IT industry. The city is surrounded by beautiful mountains and is built around the banks of the Han River with the nearest seaside located only an hour away from Seoul.

2. CULTURAL ACTIVITIES

During the program, students will have the chance to experience Korean culture and society first hand. Through cultural activities, students will have a deeper understanding of Korea and insight into Korean culture and society

Seoul City Tour

Students will visit many popular attractions in Seoul - the Royal Places, Insa-dong, Gwanghwamun square, Cheonggyecheon Stream, etc.

Visiting Korean Corporations

Through visits at Korea's leading businesses and industrial centers, students can understand the economy of Korea. Students will experience on-site tours of Hyundai or Doosan Industries experiencing the peak of high-tech Korean industries.

Field Trip to Gangwon-do

Located in the mid-eastern part of the Korean peninsula, Gangwon-do Province is blessed with beautiful mountains and clean beaches offering some of the best sceneries and vacation spots throughout the year. Winter in Gangwon-do is heaven for winter sport enthusiasts, as the province receives a lot of snow. It is for this reason that Gangwon-do will be host of the 2018 Winter Olympics in Pyeongchang, Gangneung, and Jeongseon.

DMZ (Demilitarized Zone)

The DMZ is a buffer zone to prevent an armed conflict after the armistice agreement between Republic of Korea (South Korea) and the Democratic People's Republic of Korea (North Korea). There are some restrictions on the total number of troops, weapon disposition, and military installation in the DMZ. Students will get the chance to visit the Joint Security Area of the DMZ and experience the reality of the two divided Koreas.

Temple Stay

Students will have a unique opportunity to learn and experience Korean Buddhist culture. The Korean Buddhist Jogye and Cheontae Orders offer an opportunity to lodge and witness the temple life of monks and nuns under a temple stay program.

Korean Folk Village

The Folk Village is a living museum that recreates the lifestyle of several centuries of Korean history. While touring historic Korea, students can indirectly experience ancestral wisdom and lifestyles.

K-Pop Dance

K-Pop has developed from a Korean scene to a globalized frenzy. Students will have an opportunity to participate and learn Korean pop style dance moves that will make K-pop enthusiasts jealous and understand the urbanized Korean dance style..

CHUNG-ANG UNIVERSITY

Korean Culinary Experience

With the success of the Korean drama Daejanggeum, or Jewel in the Palace, in Taiwan, Hong Kong, and Japan, the popularity of Korean foods is rising throughout Asia. The rising popularity is also attributable to the Korean Wave sweeping Asia. Students will have the chance to cook traditional Korean dishes and experience a Korean culinary experience.

Taekwondo

Taekwondo is a traditional Korean martial art. It is an art of self-defense utilizing hand and feet movements. Students will undergo and learn the basic movements and forms of this traditional Korean martial art and have the chance to develop character and personality through physical, mental and spiritual discipline.

Experience Wearing Hanbok (Traditional Korean Clothing)

Hanbok means literally "Korean dress", and is the traditional clothing that Koreans have worn throughout the ages. Students will learn about the meaning of Korean traditional clothing and understand traditional Korean fashion and sentiments by wearing the traditional garments.

Traditional Korean Music and instruments

Students will have a chance to experience traditional Korean music, musical instruments, and its ensemble and also try out different Korean traditional musical instrument.

Korean Ceramic Art.

Boasting a long history and a tradition of ceramics, Korean pottery is still at the top of the wish list for international visitors to Korea. Students will hear a presentation on the culture and history of Korean pottery, and they can then decorate unvarnished pieces of pottery or even try making their own on the potter's wheel.

- Classes and Cultural Activities are subject to change

Student Life

1. Accommodation

One of the best and most advanced university dormitories in Korea, Blue Mir Hall was built using Mondrian abstract art that balances symmetry and order and is one of the newest buildings in Chung–Ang University. This residential building is surrounded by a small natural forest. The building is equipped with state of the art air conditioning and heating system, wireless high speed internet, a large dining area, fitness center, café and lounge.

Each room is fitted with two twin beds, two desks, an air conditioner/heater, and bathroom. Students wishing to stay in the dormitory should check the housing option when submitting their application form by May 29, 2015(Session 1) and June 12, 2015(Session 2).

2. Health Insurance

Health Insurance is required for all international students attending Chung–Ang University. If they do not carry a proper accident and health insurance policy whose benefits match or exceed \$20,000 respectively, they must purchase a health insurance policy in Korea. We highly recommend students purchase the insurance offered by CAU as it is usually much more affordable than insurance purchased abroad. It is also a sufficient short–term policy to cover students for the duration of our program.

3. Visa

Foreign nationals of those countries with which Korea has signed a visa waiver agreement (U.S, Most European countries, Japan, etc) can enter Korea and participate in the ISP without a visa for duration of up to 90–days. For more information, please consult your nearest embassy or consulate general.

Review of International Summer Program

Callum Andrew Johnson University of Hull UK

This summer school program has been a great chance for me to experience Korea and to enjoy what it has to offer. The cultural activities have been a lot of fun and the lectures have taught me a great deal about Korea. It has been interesting to compare the modern urban city, with places like Gangnam and how they differ from the more traditional activities such as the day at the Korean folk village. Also my elective course has greatly increased my understanding of Korean politics and will help me further on in my course as I can use what I have learned towards my degree. The summer school program has been great fun and i have made lots of friends and memories here while attending classes i have really enjoyed and learnt a lot from.

Thirshalar Padmanabhan University of Hull UK

In my opinion, the ISP team did a wonderful job in ensuring that we participated in a myriad of activities that exposed us to the Korean culture and allowed us to immerse ourselves in it. This is my first experience attending a summer school programme and I had thought that we would have had more lectures and less activities. I am very pleased with the way it turned out. There was a good balance of fun and work.

Louise Bedwell University of Leicester UK

I'd like to say how much of an amazing experience this International Summer Programme has been and how lucky I feel to have participated in it. It's been a truly great experience and an amazing adventure for someone who has never left Europe before.

Alanda Gadsby University of Leicester UK

My stay in Korea really has been an unforgettable one-I came here with no expectations, but one thing I really wasn't expecting was to make such great friends! Overall I have loved my stay in Korea and it has enhanced my understanding of the culture and the history. I don't want to leave!

Katherina Denise DE Baden-Wuerttemberg Cooperative State Univ Mosbach

If I should summarize the whole program in one word it would be: fantastic! I really enjoyed the four weeks in South-Korea and it is a lifetime experience that I will never forget. I met a bunch of new friends from other countries and I have seen so many new things and I really got to know South-Korea.

Cassie Chan Ryerson University CA

I arrived not knowing what to expect in the International Summer Program, but this didn't stop me from having one of the most memorable summers I've ever spent.
