>About Korean Language Education Center

<http://klec.sogang.ac.kr>

With the goal of making Korean language and culture more widely known throughout the world, Sogang University's Korean language Education Center was established in 1990. Since then, roughly 10,000 international students have studied Korean language and culture through our center.

Presently, about 3,200 students enroll in KLEC every year.

Based on our accumulated experience and skill in teaching Korean, we have been publishing our own Korean language text books since 2000. We have been helping Korea government with Korean education since 2006, including Ministries of Education, Health and Welfare, and Foreign Affairs and Trade.

I am looking forward to hearing from you. Thank you.

Sincerely,

Hyunjung Kim
