

Academics

Department of Chemical Engineering
Department of Power Mechanical Engineering
Department of Materials Science and Engineering
Department of Industrial Engineering and Engineering Management
Institute of NanoEngineering and MicroSystems
Institute of Biomedical Engineering

Why NTHU CoE?

ⓘ Outstanding Academic Performance

- 🌀 College of Engineering is among the top 100 universities in the field of engineering, and will continue to strive for better.
- 🌀 Three Nobel Laureates, one Wolf Prize winner, and 14 academicians (Academia Sinica, Taiwan) are from NTHU.

ⓘ Excellent Research Environment

- 🌀 State-of-the-art research facilities
- 🌀 139 brilliant faculty members, 49 professional staff, and 3,060 intelligent and friendly students
- 🌀 Collaboration with 165 universities in 33 different countries

ⓘ Attractive Surroundings

- 🌀 NTHU is located in Hsinchu City; the world famous Science and Industrial Park is within walking distance; and it is just 90 minutes by car to Taipei city.
- 🌀 The campus is beautiful, with abundant greenery, small hills, scenic lakes, Chinese gardens, and ecological reserves.
- 🌀 The university's surroundings are superb, safe and convenient, providing gourmet food courts, bookstores, supermarkets, traditional markets and shopping malls.

About Summer Research Program

High-Value Global Engineer Leadership Scholarship

- Subsidized round-trip airline ticket up to NTD 15,000
- Free university accommodation

Program Application

- Worldwide undergraduate and graduate students with good academic performance are qualified to apply.
- The Summer Research Program duration is about two months.

Listen to what they say!

"This summer at NTHU was unforgettable. I will always carry these memories with me for the rest of my life and happily share with others wherever I go."

Brandon Li, United States

"This Summer Research Program has helped me a lot to grow as a person, to build up my personality and to interact with people and make friends."

Srishti Gupta, India

"This Summer Research Program allowed me not only to visit Asia for the first time, but also, give me a broader view of the world and learn how same things can be done differently."

Rocio Soledad Garcia, Argentina

"This Summer Research Program experience has allowed me to discover my strengths and interests; and has given me a better sense of where I want to go with my career."

Larissa Bittar, Paraguay

College of Engineering, National Tsing Hua University

No. 101, Section-2, Kuang-Fu Road, Hsinchu, Taiwan 30013, R.O.C.
